REPORT OF FOREST FIRE WARDEN

Each year 200,000 forest fires annually burn over 36 million acres of the forest land of this great nation. This area is roughly the size of our New England states. Tens of thousands of man-hours costing over \$40 million are used in combating these fires. They destroy valuable mature timber and new growth, and leave desolation and often death in their wake. With the large deficit in rainfall the past four to five years the need for extreme caution is great.

Every brush, grass or forest fire that you have in your town has its effect on you in several ways; such as increased taxes, loss of mature timber, marring of the landscape and spoiling the recreation value of our countryside. It is safe to say that approximately 97 percent of the fires occurring in this state are man-caused and because all man-caused fires are preventable, remember—only YOU can prevent forest fires.

Our forest fire organization is doing a grand job in keeping our fires small, but the public in general is becoming increasingly careless in discarding matches and cigarettes. Another form of carelessness is the neglect to secure the required permit from the town fire warden to burn brush or use an incinerator in or near woodlands. It is YOU and YOU alone who can help correct this shameful waste of our natural resource by:

- 1 Seeing that your incinerator is tight and is sitting on clean ground.
- 2 Always clean a space about any open fire to prevent its spreading.
- 3 Never burn in dry windy weather.
- 4 In all cases a written permit is required from your town Fire Warden.

It is with your cooperation that this shameful waste of timber and money can be stopped.

REPORT OF DISTRICT NURSE

Child Health Conference

The annual Child Health Conferences were held in Moultonboro April through June 1950.

Twenty children were given physical examinations and twelve were immunized against diphtheria, whooping cough and tetanus; two were given booster doses and six vaccinated against small pox.

Dr. Malcolm J. Paulson was the examining physician, assisted by Miss Dencie Ward, State Dept. Health Nurse.

Mrs. Peter Larson, chairman of the Child Health Committee, arranged for the conferences. Members of the committee assisting at the Clinics included: Mrs. Ann Walker, R.N., School Nurse, Mrs. Eve Witte, Mrs. Esther Batchelder, Mrs. Betty MacIntyre and Mrs. John Wiggin, representing various organizations and areas of town.

These clinics are sponsored by the State Dept. of Health with the cooperation of the Moultonboro Grange and the Child Health Committee.

We appreciate the kindness of the School Board and staff for the use of the school building.

Orthopedic Care

Pre-School and school children from Moultonboro have attended three Crippled Children Clinics and two treatment centers held in Center Ossipee and Wolfeboro in 1950.

These Clinics are sponsored by the State Dept. of Health, Division Crippled Children's Services. Dr. A. P. LaFrance of Laconia is the examining physician, and exercises are demonstrated to patients and parents by Miss Mary Bullock, Physiotherapist Consultant.

Only through the combined effort of the Moultonboro Red Cross and the P.T.A., has this care been possible for many of the Moultonboro children.

Respectfully submitted,

DENCIE E. WARD, R.N.

School Report

1950

Minutes of 1950 District Meeting

School meeting called to order by Moderator Clyde B. Foss at time and place specified in Warrant.

After reading of the Warrant by the Moderator, the following officers were elected for the coming year.

1 Moderator—Clyde B. Foss

2 Clerk—Horace L. Richardson

3 There being two contestants for the office of member of the school board, a written ballot was used with the following results: Fred Edwards—64 votes; Harold Martin—91 votes. Therefore Harold Martin was elected for a term of three years.

4 Treasurer—Ralph Goodwin

5 It was voted that the salaries of the school board and truant officer remain the same as last year.

6 No reports were presented other than those printed in the Town Report which were accepted.

7 Roger Larson and Donald Wright were elected as auditors.

8 On motion of Fred Edwards, it was voted to accept the budget as printed in the Town Report.

9 On motion of Stewart Lamprey, it was voted to construct a rat-proof storage room in the basement, and to raise and appropriate \$250 for this purpose.

10 On motion of Herbert Persons, it was voted to raise and appropriate the sum of \$2,000 for grading school grounds, etc. An amendment by Stewart Lamprey that the \$2,000 if raised, be used at the discretion of the school board and building committee, was also carried.

A motion to adjourn was voted in the affirmative.

SCHOOL DISTRICT WARRANT

To the Inhabitants of the School District in the Town of Moultonboro, qualified to vote in district affairs:

You are hereby notified to meet at the Moultonboro Central School in said district on the 13th day of March 1951, at two o'clock in the afternoon to act upon the following subjects:

- 1 To choose a Moderator for the coming year.
- 2 To choose a Clerk for the ensuing year.
- 3 To choose a Member of the School Board for the ensuing three years.
- 4 To choose a Treasurer for the ensuing year.
- 5 To determine and appoint the salaries of the School Board and Truant Officer, and fix the compensation of any other officers or agents of the District.
- 6 To hear the reports of Agents, Auditors, Committees, or officers heretofore chosen, and pass any vote relating thereto.
- 7 To choose Agents, Auditors and Committees in relation to any subject embraced in this Warrant.
- 8 To see if the District will vote to make any alteration in the amount of money required to be assessed for the ensuing year for the support of public schools and the payment of the statutory obligations of the District, as determined by the School Board in its annual report.
- 9 To see if the District will vote to level an area behind the School for use as a playground, and raise and appropriate money for same.

TOWN OF MOULTONBORO

- 10 To see what sum the District will vote to raise and appropriate for School Lunch equipment.
- 11 To see what action the District will take to complete the surfacing of the School driveways, and raise and appropriate money for this purpose.
- 12 To see what sum the District will vote to raise and appropriate for the purpose of cementing the School basement.
- 13 To see if the District will vote to raise and appropriate the sum of \$902.36 to pay the balance due on the building fund.
- 14 To transact any other business that may legally come before this meeting.

Given under our hands at said Moultonboro this 23rd day of February, 1951.

REPORT OF SCHOOL NURSE

Since the school year is from September 1 to June 30, a report in the middle of the year is not too satisfactory. Perhaps it would be well to explain the routine necessary in covering several towns. In September routine inspections are made, including checking on vaccination of all new-comers. Health records are re-arranged according to new grades and new lists of names of those now attending are made, copied from the teachers' registers. Then the complete rounds of all schools are made for weighing and measuring and during this contact it is usually a good time to give individual instruction in health habits.

At the beginning of this year the nurse attempted to set up a schedule of regular visits to each town, but because it is necessary to take doctors' appointments when convenient to them, whether it be for physical examinations in the schools, dental or eye clinics, or other services, a nurse's schedule has to be quite flexible.

My time for the use of the Maico (which is the instrument used for ear testing) came early in this school year and all present were done when the rounds were made. It is possible that later in the year my district will have a chance to have the machine for re-checking. With few exceptions, the hearing loss cases found are traceable to wax in the ears or enlarged tonsils and can be corrected.

The next will be the vision testing which will probably come within the next few weeks or whenever the electric machine is available, as several nurses use this equipment.

Dental defects top the list as shown by physical examination. With the shortage of dentists in the locality, it is almost impossible to keep up with fillings and extractions, to say nothing of cleanings. But most parents persevere and do get the work completed. The local Red Cross have made it possible to have a corrective dental clinic, fillings and extractions, as soon as it is possible to get an appointment.

Some sort of corrective posture work in the schools is quite obviously needed. The orthopedic clinic is available for extreme cases, but the majority of posture defects (which includes flat feet) could better be done by regular daily exer-

TOWN OF MOULTONBORO

cises. In one town where there was a rather large number of children found with flat feet, it was possible to arrange a visit from the physical therapist connected with the State Dept. of Health to visit the school and instruct the children individually in corrective exercises.

Statistics shown by the physical examination are as follows:

Dental caries	40
Orthopedic	11
Flat Feet	9
Tonsils	15
Wax in ears	7

In checking through the school health records, we have found a considerable number of children who have not received immunization against diphtheria, whooping cough and tetanus. This is usually done during the child's first year, as is the smallpox vaccination, with a booster dose given before entering school, available through the family physician or to all children up to 8 years of age through the State Health Clinics held in all towns, annually.

It seems as if a considerable amount of time is used transporting children long distances rather than in doing actual work of school nursing, though in some cases it IS important for the nurse to accompany the child. In all cases, except rare emergency, one or the other parent should take part in the effort.

Respectfully submitted,

ANN E. WALKER, R.N.

Report of Superintendent and Principal

The Public and the Schools

In spite of the terrible distractions offered by each morning newspaper, one fact remains clear; the worse the world situation becomes, the greater grow the burdens and responsibilities of the public schools. Take a few examples. If fathers have to serve in the armed forces, the school will have an increased obligation toward their children. Any teacher who had children whose fathers were overseas during the last war knows how real this increased obligation can be. If children have to be evacuated from large cities, the schools in evacuation centers will face staggering problems. If the program for civil defense goes into full operation, schools will play a large part in it. And the basic responsibility of passing on our culture from one generation to another remains a responsibility which is even more grave in times like these.

As the schools grow in importance, so does the work of citizen committees. What the citizen of a community think about its schools and about what the schools should do is of prime importance. In a real sense the school program is finally determined as much by what the people think as it is by their financial support. Furthermore, public understanding of the purposes of educational programs and public participation in the development of these programs is essential to the best type of public education.

There are many community organizations which could lend themselves to direct participation in the development of the school program, but the greatest opportunity—and responsibility—in this direction lies with the Parent-Teacher Association. There are so many things that an interested and active P.T.A. can do, as has been done in this and other communities, to make the parent, teacher and pupil relationship the close cooperative that it should be and needs to be before mutual understanding can be had concerning the many problems that arise in any educational system. These problems will be of all kinds; curricula, extra-curricula, moral, civic, spiritual and financial,

TOWN OF MOULTONBORO

It has been said by educators and parents alike that what we need today is more education for parents. Whether this be true or not, few will disagree that we need greater and better mutual understanding; and how better may this be realized than through an actively-interested Parent-Teacher Association, representative of all the parents and teachers of the community.

Improvement of Teachers in Service

It is encouraging to note the interest by teachers in improving their methods and keeping up to date in educational work. Another workshop, this time on the teaching of reading, was held in Meredith and attended by all teachers of high and elementary schools within the union. As a result of the study at this workshop many teachers are adapting their work to the needs of the individual and making use of up-to-date materials for teaching the sounds of the letters and the understanding of the meaning of sentences.

At the time this report is written, an extension course in "Music in the Modern School" is being given by Dean Warren K. Freeman of Boston University College of Music. All of our teachers have enrolled as members in this course which began in Meredith on February 5th and will close sometime in May.

State Sharing of School Costs

The question of state funds for schools is again before the legislature of New Hampshire. Some plan must soon be devised which will provide state money to help with the education of all the children in the state, and in this way be of indirect benefit to the real estate owner who is required under the present law to pay the whole bill.

As requested by the 1949 legislature, the state board has worked out a formula providing for equalization of school opportunity. Their report is necessarily limited to the problem of equalization—providing funds for districts with a large school population and low taxable valuation.

By the time of our annual district meeting, amendments to the proposed state aid bill will doubtless have been drafted

TOWN OF MOULTONBORO

which will provide some allotment of state aid funds to all districts regardless of valuation or population. Such an amendment would be of help to Moultonboro, which is not classified as a district in need of funds under the state board's proposed equalization formula.
